The following is an examiner's statement of reasons for allowance: in claim 1, the claimed optical medium cassette having its switch member with a first end as a second buckling portion fitted on the first buckling portion of the clasping member is neither taught nor suggested by the prior art of record. Applicant's Prior Art in Figures 5-7 does not teach the second buckling portion fitted on the first buckling portion and as having this arrangement incorporated with the cassette's other clasp portions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
